

PALAČA LEŠIĆ DIMITRI

Brod Kata nosi duh vremena

Palača Lešić Dimitri već godinama svojom klasičnom jedrilicom Vipera gostima pruža jedinstven i nezaboravan doživljaj destinacije i predivnog korčulanskog arhipelaga. Od ove godine u svojoj floti ima novi brod Kata, jedan od rijetkih primjeraka autentičnog tradicionalnog malog drvenog broda, koji slavi značajnu višestoljetnu korčulansku brodogradnju. Za cjelodnevne izlete po obližnjim otočićima posebno se priprema lagana domaća hrana i vino, a vrhunac svakog izleta je vađenje morskih ježinaca, koji se čiste na licu mjesta i uživaju s domaćim kruhom i vinom. Ovaj brod idealan je za grupu do šest ljudi.

Sail Back in Time With Kata

For years, the Lešić Dimitri Palace has been charming their guests with unique and unforgettable destination vacations, and sailing trips around the beautiful Korčula archipelago on their classic sailing boat Vipera. This year, the hotel added a new sailboat to their fleet: Kata, one of the very few remaining authentic traditional small wooden boats that once were the most prominent product of local shipbuilding. For these casual trips, Lešić Dimitri Palace treats guests to light summer food and wines, and the highlight of every trip is sea urchin hunting, followed by impromptu brunch of fresh caught sea urchins and homemade bread and wine. This boat is ideal for groups up to six.
